Abele, C. A.—Report of the Committee on Sanitary Procedure 19
Abele, C. A.—See Weber, C. W.
Barber, F. W.—Quaternary Ammonium Compounds in the Dairy Industry 266
Botwright, W. E.—See Geotchius, G. R.
Boyd, J. C.—See Hansen, H. C.
Boyd, J. C. and Hansen, H. C.—The "5 Minute" Resazurin Test for Determining the Quality of Raw Milk 40
Byrne, J. V.—See Foley, E. J.
Carter, R. H.—See Mann, H. D.
Churchill, E. S. and Mallmann, W. L.—The Role of the Air Line Hose of the Milking Machine in the Contamination of Milk 137
Clark, F. A.—Meat Inspection .. 344
Dahlberg, A. C., Kosikowsky, F. V., Seeley, H. W., and Leventhal, A. A.—The Sanitizing of Milking Machines 5
Desrosier, N. W.—Recent Advances in the Microbiological Methods for the Determination of Vitamins and Amino Acids 209
Doetsch, R. N.—See Zarett, A. J.
Elliker, P. R., Keesling, J. W., Miller, D. D., and Wilster, G. H.—Cleaning and Bactericidal Values of Detergent Sanitizers 215
Elliker, P. R.—The Application of Quaternary Ammonium Compounds in Dairy Sanitation ... 156
Ely, R. E.—See Mann, H. D.
Evans, R. E.—Pest Control and Food Sanitation 292
Evers, C. F.—Sanitary Problems in the Processing and Distribution of Frozen Foods 35

ilar Milk Delivered in Sealed Bottles 367
Jensen, J. M. and Waterson, J.—A Method for Measuring the Cleanliness of Milk Cans 332
Johns, C. K.—Contamination from Dye Solution in the Methylene Blue and Resazurin Reduction Tests 225
Keesling, J. W.—See Elliker, P. R.
Kennedy, L., and Weiser, H.—Some Observations on Bacteria Isolated from Milk that Grow Within a Psychrophilic Temperature Range 353
Kesler, E. M., Knodt, C. B., and Reid, J. J.—The Effect of Hypochlorite and Quaternary Ammonium Compounds, Used in Udder Washes, on the Chemical Composition and Bacterial Flora of the Milk Produced ... 288
Knipling, E. F.—DDT and Related Insecticides in Milk 283
Knodt, C. B.—See Kesler, E. M.
Kosikowsky, F. V.—See Dahlberg, A. C.
Leventhal, A. A.—See Dahlberg, A. C.
Levine, B. S.—Improving Staining Procedures in the Direct Microscopic Examination of Milk 321
Mallmann, W. L.—See Churchill, E. S.
Mann, H. D., Carter, R. H., and Ely, R. E.—The DDT Content of Milk Products 340
Meany, J. A.—The Chicago Test of Detergent Sanitizers for Use on Dairy Farms 279
Miller, D. D.—See Elliker, P. R.
Moore, A. V.—See Featro, J. G.
Moore, H. C., and Teeri, A. E.—Relationship of Composition of Milk to Methods Used for Determining Adulteration 203

Page

Newman, R. W.—Laboratory Detection of Food Poisoning Attributable to Dairy Products .. 226
Prouty, C. C.—Inactivation of Bacteriophage of the Lactic Acid Streptococci at High and Low pH Levels 329
Reid, J. J.—See Kesler, E. M.
Ross, R. G.—Report of Committee on Dairy Farm Methods .. 234
Sackett, D., and Gralak, G. G.—The Value of the Coliform Count in the Routine Examination of Milk and Dairy Products 350
Seeley, H. W.—See Dahlberg, A. C.
Snyder, W. F.—A Nation-Wide Sanitation Program 177
Speck, M. L.—High-Temperature Short-Time Pasteurization of Ice Cream Mix 275
Spencer, G. R.—Recent Progress in Mastitis Control 44
Stark, C. N., Holland, R. F., White, J. C., and Gurdian, M. J.—Bottle-washing Studies Under Plant Conditions 197
Teeri, A. E.—See Moore, H. C.
Tiedeman, W. D. — Drinking Straws 110
Ucko, B.—See Gershenfeld, L.
Waterson, J.—See Jensen, J. M.
Weber, C. W., and Abele, C. A.—Report of the Committee on Food-Handling Equipment ... 30
Weiser, H.—See Kennedy, L.
White, J. C.—See Stark, C. N.
Wiggins, G. E.—See Hansen, H. C.
Wilster, G. H.—See Elliker, P. R.
Witzel, S. A.—Loose Housing for Dairy Cattle 146
Zarett, A. J., Doetsch, R. N., and Hansen, P. A.—The Occurrence of *Proteus* SPP. in Raw and Pasteurized Milk 31

Titles

Page

Abstracts of the Literature of Milk and Food During 1949 75
Adulteration, Relationship of Composition of Milk to Methods Used for Determining 203
Affiliates of the INTERNATIONAL ASSOCIATION OF MILK AND FOOD SANITATION, INC. 53, 127, 187, 247, 311, 373
Air Line Hose of the Milking Machine in the Contamination of Milk, The Role of the 137
Amino Acids, Recent Advances in the Microbiological Methods for the Determination of Vitamins and 209
Applied Laboratory Methods, Report of Committee on 358
Ascorbic Acid in Raw Cow Milk, Effect of Added Riboflavin Upon the Permanency of 206
Association News 54, 128, 188, 248, 312, 374
Bacteria Isolated from Milk that Grow Within a Psychrophilic Temperature Range, Some Observations on 353
Bacteriophage of the Lactic Acid Streptococci at High and Low pH Levels, Inactivation of 329
Bakery Sanitation Appraisal, What to Look for in 303
Bottle-washing Studies Under Plant Conditions 197
Bulk Dispenser and Similar Milk Delivered in Sealed Bottles, A Comparative Study of Milk from a Refrigerated 367
Cans, A Method for Measuring the Cleanliness of Milk 332
Chicago Test of Detergent Sanitizers for Use on Dairy Farms, The 279
Cold Storage Locker Plants, The Licensing and Inspection of ... 296
Coliform Count in the Routine Examination of Milk and Dairy Products, The Value of the ... 350

Page

Collecting Market Milk, A Study of the Tanker System of 366
Committees of the International Association for 1950 129
Composition of Milk to Methods Used for Determining Adulteration, Relationship of 203
Compounds in Dairy Sanitation, The Application of Quaternary Ammonium 156
Dairy Cattle, Loose Housing for . 146
Dairy Farm Methods, Report of Committee on 234
Dairy Industry, 1949, Abstract of Report of Bureau of 239
Dairy Products Improvement Institute 115
DDT and Related Insecticides in Milk 283
DDT Content of Milk Products, The 340
Detergent Sanitizer Formulations, A New Method for the Evaluation of Quaternary Ammonium 63
Detergent Sanitizers, Cleaning and Bactericidal Values of 215
Detergent Sanitizers for Use on Dairy Farms, The Chicago Test of 279
Direct Microscopic Examination of Milk, Improving Staining Procedures in the 321
Dishwashing, Supplement to Minimum Requirements for Effective Machine 109
Dispenser and Similar Milk Delivered in Sealed Bottles, A Comparative Study of Milk from a Refrigerated Bulk 367
Drinking Straws 110
Dry Milk Solids, The Freezing Point of Reconstituted Non-Fat 167
Dye Solution in the Methylene Blue and Resazurin Reduction Tests, Contamination from 225
